5 IMPRESSIONS OF LIGHT

Samael Christ Gnostic Wisdom

Universal Christian Gnostic Church of Samael Christ

THE INEFFABLE ARCHETYPE OF THE FIVE IMPRESSIONS OF THE LIGHT, undeniably we can come to find in the sign of the magically omnipotence, called by Samael Christ and among the Gnostics:

“THE ESOTERIC PENTAGRAM” OR “HOLY TETRAGRAMMATON”

The five impressions, of our own particular Kundalini Serpent, are printed, stamped, geometric and mathematically in the Blazing Star, that TWINKLE IN THE BROW OF THE TEACHERS OF THE WHITE LODGE.

The Five Impressions of the light are the five splits of the Virgin Divine Kundalini that mystical assume the Gnostic Pentagram and this revelation here present and that is ratified by our Lord the Christ Samael in the Gnostic Bible revealed by him, in Chapter number 1 Says:

The five Impressions of the Great Light are represented in the Esoteric Pentagram.

The Gnostic Pentagram is the human figure, with four members and a single point which is the head.

The sign of the Pentagram is called Microcosmos also sign and represents what the Kabbalist rabbis called the Book of Zohar Microprosopio.

The Pentagram, raising to the air its upper beam, represents the savior of the world. The Pentagram, raising to the air his two lower legs, represents the goat of witches' sabbath.

A human figure, with head down, is naturally a demon, that is, intellectual subversion, disorder or madness.

The Pentagram, called in the Gnostic schools the blazing star, is the sign of magical omnipotence.

The five impressions of the great light and the five helpers are contained in the blazing star.

The five Helpers are the five Geniuses: Gabriel, Raphael, Uriel, Michael and Samael.

The whole treasury of the light is contained in the Pentagram, and this allegorizes the Man.

The understanding of the Magic Pentagram is the key to the two areas.

The sign of the Pentagram should be composed of seven metals, or at least be drawn in pure gold upon white marble.

The seven metals are: silver, mercury, copper, gold, iron, tin and lead.

The Pentagram with the upper beam up drives away to the demons columns.

The Pentagram with two lower rays upwards, attracts into the dark. The pentagram drawn with charcoal, with the two lower rays outward, on the threshold of the room does not allow entry of the dark.

Also, in Chapter 33 of The Mystery of the Golden Blossom explains the Venerable Master Samael:

Devi Kundalini, the queen consecrated of Shiva, our Divine Mother Cosmic particular, individual, assumes in every creature five transcendental mystical aspects, which urges enumerate:

- 1) The unmanifested Prakriti.
- 2) The Chaste Diana, Isis, Tonantzin, Mary or better said Ram-lo.
- 3) The terrible Hecate, Proserpine, Coatlicue, Queen of Hell and Death; terror of Love and Law
- 4) The Natura Mother particular, individual, creator and architect of our physical body
- 5) Maga Elemental, whom we owe all vital impulse, every instinct.

The blessed Goddess Mother Death has the power to punish us when we violate the law and the power to take life.

Undoubtedly, she is just a wonderful facet of our Mystical Duada, a splendid way of our own Being

Without his consent any angel of death would dare to break the thread of life, the Silver Cord, the Antahkarana.

THE FIRST IMPRESSION OF LIGHT

The head of the universe, the first triangle is the cosmic Mother NUIT, the unmanifested, Soul Mother of this gigantic creation.

She is not confused in light of the heavens, FIRST PRINT CLEAVAGE OR COMMON FATHER COSMIC, which assumes the figure head or upper triangle of the Pentagram. "called God Mother" the two eyes of the upper triangle are those of the Virgin of Light, Mother of Our Soul.

She's Urania, the transcendental Magnetic Electricity, creator of the Laws of magnetism attraction, repulsion, connection.

She, the first impression of light is Urania, the Mother of the cosmos, nymph of the sky and the infinites heavens, mother and landlady of all creation, past present and future; it is the energy of dilute Love in all existence - Isis - Tezcatipocla

THE SECOND IMPRESSION OF LIGHT

The second cleavage is our Divine Mother Kundalini, particular of each one.

Mother of Our soul, the igneous serpent of our magical powers, so says OUR LORD CHRIST SAMAEL.

It must be recognized, the second cleavage, the impression of the light that leaves the heart temple where inhabits Snake Light ON VERTEX O TRIANGLE LEFT of the PENTAGRAMA because SHE is the great giver of light and savior of our very particular PISTIS SOPHIA.

THE THIRD IMPRESSION OF LIGHT

We come to find intelligently in the third impression personified by the COATLICUE AZTEC, terror of love and law

Crystallized as light impressions precisely, on the left foot is the third impression of the Light Gnostic Pentagram.

She the third impression of light, love and supreme Sacrifice: is the SCYTHE combine harvester of the LIGHT, OF THE FRACTIONS OF LIGHT, OF OUR SOUL RESCUED AFTER OF ANNIHILATION BUDDHIST, EVIL SPIRIT PLURALIZED.

The third impression of light as COATLICUE OR SNAKE LAND (KOAL-SNAKE, TLICUE- EARTH) with her precious blood, our holy seed transmuted, we can make the elixir of life, through the various ordeals of initiation.

The third impression "AS LAW AND JUSTICE" SHE APPLIES KARMA AND GIVES DARMA; she therefore, the Divine Mother COATLICUE, our ritual says: "I can put friendship or enmity to you, give or take away because I am the law."

The third impression or left foot of Coatlicue, like a sword in each one: is terror for the ego or quarrelsome Surianos that we carry within and terror to the black lodge in involution, in the infernal worlds, because she enforces the punishment in such abysmal regions.

It is necessary that the Gnostic brethren become aware that COATLICUE in the Pentagram represents the left foot or THIRD PRINTING OF LIGHT: "IT'S TERROR, LOVE AND LAW".

This should be understood, grasped deeply in our essence, to assimilate what is this third printing on us.

For more compression of our brethren I will transcribe the following explanation the TRIPLE POWER OF LIGHT OR THE THIRD IMPRESSION OF LIGHT OR BLESSED DEATH GODDESS, THE EGYPTIAN PROSERPINA:

THE THIRD ASPECT OF GOD MOTHER HAS THREE SPLITTING TO KNOW: COATLICUE, which annihilates the ego here and now, within ourselves, previously understood, analyzed, pondered, capturing their intimate sense, previous judgment and negotiation with the lords of the law and our Lord Christ, to emancipate and liberate our soul of unclean spirit, the ego pluralized, reason of our human pain and misery.

COATLICUE, Mother of the underworld, which destroys red demons that we carry within, with the planetary inner fire in the submerged involution, she reduced them to cosmic dust with the centrifugal and centripetal planetary forces to release our soul through the second death when you lose 108 opportunities available to annihilate it by ourselves.

Proserpina disintegrated and reduced to cosmic dust all involuting souls, who in life were not interested in the Buddhist doctrine of annihilation; is Coatlicue the Mother of Hell with the purifying fire, reduce to ashes and cosmic dust all the demons of the black magistracy, in the process submerged involution through thousands or millions of years.

The snake of the hell dwells in the eight circle dantesque as says Samael Christ, and by the mouth of her dungeon enter the lost, in her womb only look dismembered bodies and is the place of weeping and gnashing of teeth.

COATLICUE in its third impression, Mother, root and personification of black magistracy of Earth planet, cause of all the abominations of Babylon the great, perverse civilization of vipers to which we belong.

Mother of the hell, located in the five centers of the human machine and in the planetary underworld, fatal shadow of left covens, darkness bottomless, black lodge, antithesis of light, archetype of all perversion and wickedness of Antichrist, impersonating our Demons reds and others.

Must therefore our dear readers reflect deeply on these three aspects or derivatives of Coatlicue within ourselves and outside of us.

THE FOURTH IMPRESSION OF LIGHT

Come to find in the right hand of PENTAGRAMA she is Nature Mother Particular, giver of Love and Life

THIS FOURTH IMPRESSION OF LIGHT is the Mother Nature or we better said as our Lord, Samael Christ, he exactly called, and he told me personally of lip to ear, her name is:

“MAHA KUNDALINI ”

She is the same Mother goddess of the world, GREAT NATURE WITH PHYSICAL BODY AND PLANETARY MULTIDIMENSIONAL.

The fourth aspect to the virgin of the light: "MAHA KUNDALINI " in the triangle of light, the arm and hand right of pentagram, that makes contact with the epidermis of the pentagram , should not be confused in any way :

“WITH DEVI KUNDALINI“ OR “VIRGIN MOTHER OF LIGHT”.

To be clear dear reader, that the particular Devi Kundalini Virgin, the second printing, is very different from the FOURTH PRINTING “MAHA - KUNDALINI" although she contain them mutually, as their functions are different.

SHE IS TLAZOCAMATI, Mother Goddess of the world of the AZTECS, that containing the four elements of nature and the elemental life that are processed in them

In the Fourth impression the Gnostic Pentagram are the Five Elementals Devas or Gods of the Five Elements throbbing in our Sexual Seed, as necessary to create the Solar Bodies.

THE FOURTH impression OF LIGHT is the same Gizeh Sphinx, which is in the desert of the Pharaohs, with your body embodying the four elements, earth, water, air and fire, crowned by the head of the Sphinx as the FIFTH ELEMENT.

Hence we see in the pentagram the symbols of the four elements

THE FIFTH IMPRESSION OF LIGHT

The fifth impression of light is personified by the fifth aspect, Devi Kundalini, which is the left leg triangle of light or pentagram that is:

“OUR OWN MAGA ELEMENTAL”

Called like that by our Samael Aun Weor Christ in his books written, and tells us who is the Mother of our natural instincts and giving us the potency to sexual transmutation.

THE FIFTH IMPRESSION OF THE LIGHT IS THE MOTHER OF THE LAKE, she, who gives to the King Arthur the sword, OR THE SAME ESTELLA MARIS, sperm mother sea OF OUR EXISTENCE, throbbing in OUR SEXUAL GLANDS.

Is then MAGA ELEMENTAL, whom GIVES us the SEXUAL POTENCY, and relates harmoniously with the LUCIFER whom giving us the sexual impulse.

The giver of light, therefore mystically, left leg of the PENTAGRAM, is the same left leg the PROMETHEUS LUCIFER, with their seals and characters of light, at the very base of the hull left leg or feet decked in plots and characters Jewels on the Initiated.

It is necessary to consider and no doubt that through "FIFTH PRINTING OF LIGHT".

Our Essence and our Be gets the benefits, to transmute the SEXUAL LIBIDO IN DIVINE ANDROGYNY.

The Ancient Wisdom teaches that "TONANTZIN" (Devi KUNDALINI), our particularly Cosmic Divine Mother (as each person has their own), can take any form, because is the origin of all forms, so it is appropriate that the Gnostic meditate on it before falling asleep.

And The Secret Doctrine Of Anahuac, chapter. 18 says:

The applicant must enter daily into the sleep process, repeating with a lot of faith the following sentence: "TONANTZIN, TETEOINAN" Oh, my Mother, come to me, come to me!

And in our Gnostic Bible Unveiled by Samael Aun Weor Aquarium Christ in the Chapter 58, says:
