## Capricorn, Saturn and the Christ-Mind

The constellation Capricorn is the house of Saturn, the Ancient of Days. In Capricorn, we speak of the Mind, Saturn is where the Green Hierarchies live who gave us the Mental Body or “Animal-Soul”. The Mind should liberate itself from all kinds of “schools”, religions, sects, beliefs, etc. All those “cages” are obstacles which render the Mind incapable of thinking freely. There is a need to become free from the illusions of this world and to become the fine and marvelous instrument of the Intimus or Inner-Being. ḥ

We have to free the Mind from all kinds of desirous reasoning. It is important to Christify the Mind. We need the “Christ-Mind”: the Mind that only thinks with the Heart, that only listens to Hunches, and that does not reason when the Heart commands! The Mind which does not react before external impacts is a Christ-Mind. **The Mind should convert itself into the instrument of the Heart.** What does the Reason know? Reason is a painful process of the Mind, based on the illusion of external things. Reason does nothing but divide the Mind with the Struggle of the Antitheses (between Thesis and Antithesis). The decisions of Reason are daughters of ignorance and always bring pain.

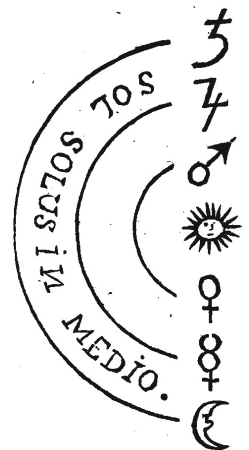

In the Age of Aquarius, the new humanity will be the Humanity of Intuition. The Intuitive only acts with the Voice of Silence. The total Christification of the Mind is only realized with the Kundalini of the Solar Mental Body, which is the 4<sup>th</sup> Degree of the Power of Fire. Through the Kundalini of the Mental Body we extract the “Christ-Mind” from the Animal Soul. We must expel all kinds of earthly thoughts from the Mental Temple. Reason is of the animal “I”, while Intuition is the Voice of the Inner Being. Reason is external, Intuition is internal. The 4<sup>th</sup> Degree of the Power of Fire converts us into an ARHAT. The Mental Body also has its Medulla and its Serpent. The ascent of the Kundalini of the Mind is achieved with the Merits of the Heart.

## Ancient Astrology and the Authentic Planetary Order

Of the Seven Planets that the Ancients used for their Philosophy, Saturn is the planet furthest away from the Earth and **the Moon** is the closest. **Mercury** follows and then, in order of distance, follows **Venus, the Sun, Mars, Jupiter and Saturn**, in orderly intervals of distance.

On this natural and cosmic basis is based the very ancient calendar of: **Monday, Wednesday, Friday, Sunday, Tuesday, Thursday and Saturday.** The Roman Catholics adulterated this legitimate calendar, and based on this falsification, the Modernist Astrology of Arithmetic has been erected. It is logical then, for modern Astrology, sustained on a false basis, to be a true failure. Let us now restore the authentic ancient Astrology, and for this, it is of necessary and urgent, to return once again to the legitimate Archaic Calendar.

The Planetary Hours as they are given in the texts of Astrology in general, are false and absurd, because their calendar is false and absurd. This is because no archaic people ever used hours of the modern astrologers. The Ancient Sages of Old considered the day as a cross within a perfect circle. These old contemplators of the stars, with their scrutinizing eyes, penetrated profoundly into the Mysteries of the Stars and received illumination from the Planetary Gods.

Those Old Astrologers learnt from the Gods that **the day is divided into four parts, like a cross within the perfect circle**. They knew that the day was only governed by four planets according to the old order: Moon, Mercury, Venus, Sun, Mars, Jupiter and Saturn. The 12 hours of the day are also divided into four parts, each of them of 3 hours. This simple, fast and easy method lets us know exactly what planet is ruling space at a given moment.

## Samael Aun Weor's Practices to Gather the Energy of Capricorn

Capricorn is the Door of Heaven, because it is the house of Saturn, Lord of Death. Capricorn influences the knees and the human skeleton. The currents which rise from the earth, upon reaching the knees, become charged with the Lead of Saturn. Lead gives strength and constancy to those currents.

The knees possess a marvelous substance which allows them the free movement of such a simple and marvelous osseous gear. "Sinovia" is the substance which means "Substance with egg"; the egg is truly a marvelous substance. Highly scientific esoteric experiments, in relation with the unfoldment of the human personality, prove that the shell of the egg has certain occult powers which facilitate astral unfoldment or travel. The key consists in reducing an eggshell to powder.

**First Exercise:** The disciple will apply egg powders over the chest and armpits; they will then lie down on their bed, and properly cover themselves with their blankets. The student will then lull themselves to sleep, pronouncing the mantram "FARAON", like this: Faaaaaaaa Raaaaaaaa Onnnnnnnnn This can be pronounced mentally, and when the student feels that they have become numb, then they should rise from their bed and head towards the Gnostic Church.

**Second Exercise:** The following exercise should be practiced during the sign of Capricorn: A coffin should be imagined on the floor and the disciple should walk over this imagined coffin but leaving it between their legs, and they will walk with bent knees as if to clear an obstacle, and making the knees spin from left to right, with the intention that the knees become charged with the lead of Saturn, just as our Great Guru "Huiracocha" taught us.

**Third Exercise:** It is also urgent to practice the exercises of internal meditation daily. We must expel all kinds of terrestrial thoughts from the Mental Temple. We should reach the fixity of the mind in which no breeze, however strong, can waft an earthly thought within... (This means developing our power of concentration. Review the Notes & Supplements related with *Cancer*)

**Fourth Exercise:** Ask our Father or our Inner Being to transport himself to the Sidereal Temples or Heart Temples of the Constellation of Capricorn in order to bring before us the Principal Genii, and to beg them to awaken the Chakras & Powers of the knees.
