Our Father Luminary: The Ray of Light from the Absolute

Many might say: “Well, but how and in what way did our Father in the Heavens engender us?” This needs an explanation, let us see: Our Father is, first of all, a Flame of Ardent Fire, and every flame is susceptible to the fiery expansion and development, unfoldment, evolution and independence of each of its sparks. Carry out an experiment with any flame and you will see that the flame can spread everywhere and that each of its sparks can become an independent flame. Now take this example to the dawn of the Manhanvantara and you will then comprehend how thy Celestial Fathers engendered thee.

Now, if you consider that each Spark is associated with its own Ray of Light, [then] you will then comprehend the relationship of the Sparks to the Light, and of our Divine Spark with the Ray of Absolute Light to which we belong. That Ray of Absolute Light is our “Glorian”. Our “Glorian” is a Breath profoundly unknown unto itself, a Breath of the Absolute. Before having a Divine Monad, it did not have Consciousness of its own; its Consciousness was the Consciousness of the Absolute, but it could not say: “I Am I”.

But now the “Glorian” of each of us is endowed with a “Divine ”I”” and that is why our “Glorian” can already say: “I Am I”, “I Am The Absolute” and I am “Here Now”; and thus, intoxicated with Happiness, it will submerge within that Ocean of Supreme Absolute Happiness at the arrival of the Cosmic Night, to rise again from its profound rest, like an Ineffable God at the beginning of the new Manhanvantara’s Dawning, and then each one of us, Ineffable Flames, will expand like fire expands.

Before having a Divine Monad, it did not have Consciousness of its own; its Consciousness was the Consciousness of the Absolute, but it could not say: “I Am I”. But now the “Glorian” of each of us is endowed with a “Divine ”I”” and that is why our “Glorian” can already say: “I Am I”, “I Am The Absolute” and I am “Here Now”. Thus, intoxicated with Happiness, it will submerge within that Ocean of Supreme Absolute Happiness at the arrival of the Cosmic Night, to rise again from its profound rest, like an Ineffable God at the beginning of the new Manhanvantara’s Dawning, and then each one of us, Ineffable Flames, will expand like fire expands.

Each one of our Igneous Sparks will transform into a stone, into a plant, into an animal, and into man, and into angel; and each one of our Sparks transformed into Flame will love and adore us, and will raise its singing towards us, forever and ever, Amen, saying: “Alleluya, alleluya, alleluya!”; and the incense of its prayers will reach us like an ineffable perfume filled with Love. We will then do for our “Sons of the Fire”, the same that our Fathers have done for us. It is convenient for the disciple to learn to visit his Father in the Astral Body, to receive direct instructions from his Father who is in the Heavens.

On falling upon our Earth, the Stellar Rays produce Colors, Sounds, Metallic Elementals which condense into metals; Metallic Elementals that evolving transform into Vegetable Elementals; Vegetable Elementals which transform into Animal Elementals; and Animal Elementals which, at last, awaken their Divine Sparks in order to incarnate them, for the first time, into Men who become Angels in order to return once again to their Father who engendered them. All this descent and ascent of the Virginal Sparks through this journey of Matter is symbolized by the ladder in Jacob’s dream.

Remember that Iron is the soul of “Samael-Mars” evolving there. Copper is the soul of “Uriel-Venus” evolving there. Lead is the soul of “Orifiel-Saturn” evolving there. Gold is the soul of “Michael-The Sun” evolving there. Silver is the soul of “Gabriel-The Moon” evolving there. Tin is the soul of “Zachariel-Jupiter” evolving there.

All this Flux and Reflux of life resounds in all of Nature with the Chinese Gong. At the arrival of the Cosmic Night, all the Sparks, converted into Flames, return to their Fathers, and their Fathers return to the Unmanifested Logos to submerge themselves in the Limitless Bliss of the Absolute, where neither tears nor pain exist; where we are all “One”, where we are all “The Godly”, the “Unnamed”, “that”, “that”, “that”. This Flux and Reflux of life is solidly confirmed in the “Vedas”, which are the most ancient Sacred Scriptures, because the Advaita Philosophy dates from many thousands of years before Jesus Christ; this is the old Law of the Pendulum.

There have been “stellar moments” in the life of humanity, in which the Sidereal Father of a Great Genie has been able to talk and express himself through him, to initiate new cycles of Spiritual Culture. Samael Aun Weor, is the son and the instrument of “Samael-Mars”, and what he teaches is the Wisdom of his Father.

Each one of us has their Spiritual and Astral Inheritance, from our Father who is in the Heavens. All the Mental, Emotional, Psychic and Spiritual Faculties are influenced by the occult properties of the scale of causes proceeding from the Hierarchy of Planetary Genii, and not by the physical planets. This is why Authentic Astrologers are not interested in Arithmetic Astrology...

The Solar System develops within the womb of the Zodiac, and the 24 Elders and their 12 Zodiacal Hierarchies working from this Solar System through their Planetary Rays. These 24 Elders have their sacred names; each of the 12 Zodiacal Constellations is governed by 2 Elders, thus:

4		Cancer (6/22 - 7/22)	Ramdhar & Phakiel	5		Leo (7/23 - 8/22)	Sagham & Seratiel
3		Gemini (5/22 - 6/21)	Sagras & Saraiel	6		Virgo (8/23 - 9/23)	Iadara & Schaltiel
2		Taurus (4/21 - 5/21)	Bagdad & Araziel	7		Libra (9/24 - 10/23)	Grasgarben & Hadakiel
1		Aries (3/21 - 4/20)	Sataaran & Sarahiel	8		Scorpio (10/24 - 11/22)	Richol & Saissalel
12		Pisces (2/20 - 3/20)	Rasamasa & Vacabiel	9		Sagittarius (11/23 - 12/21)	Vhori & Saritaiel
11		Aquarius (1/21 - 2/19)	Archer & Sakmakrel	10		Capricorn (12/22 - 1/20)	Sagdalon & Semakiel

These are the 24 Elders who rule the Twelve Zodiacal Constellations, and during your Zodiacal Exercises you should visit the Sidereal Temples of the Genii with whom you are practicing, thus: in Aries you will visit the Genii of Aries, in Taurus, those of Taurus, etc., praying to these Genii so that they come and treat your organs corresponding to the Zodiacal Sign with which you are working. These 24 Elders sometimes meet in the Earth’s Heart-Temple, around the Lamb. Our 12 Faculties or our 12 Senses are the 12 Faculties of the Zodiac within us. We should make our Zodiac sparkle through these Zodiacal Exercises, in order to become Ineffable Gods. Our body is entirely a musical harp where the Seven Vowels of Nature should resound incessantly. Therefore, during Pisces it is necessary to vocalize the seven vowels...
