The Esoteric Astrology of Samael Aun Weor

In the stellar nucleus of every Sidereal Sun, or of every planet, or of every lunar satellite, or comet, there always exists a “heart temple” which is the secret dwelling of a Sidereal Genie and, thus, the entire infinite is a system of hearts, and for this reason Esoteric Astrology is the Religion of the Light and of the Heart. Each of our planets has its Sidereal Ruler:

Gabriel is the Ruler of the MOON

Raphael is the Ruler of MERCURY

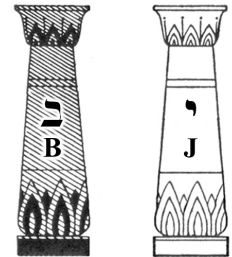

Uriel is the Ruler of VENUS

Michael is the Ruler of the SUN

Samael is the Ruler of MARS

Zachariel is the Ruler of JUPITER

Orifiel is the Ruler of SATURN

Theurgy, or Divine Magic, can only be practiced through the “Intimus” of the “Theurgist”, and the Intimus is our Spirit, our “Superior Being”, our Angel. It is also certain that Nature is a great alchemical laboratory where essences exist and events of all types are combined. In the Schools of Internal Instruction, we are made to learn these golden rules:

“The Lion of the Law is combated with the scale”.

“When an inferior law is transcended by a superior law, the superior law washes away the inferior law”.

This course of Esoteric Astrology will convert you into Theurgists and Alchemists, and will develop all your Occult Powers, and you will then know how to invoke and materialize the Planetary Gods in the Physical World, how to talk with them; how to cancel Karma, and the secret art of succeeding in life through certain mysterious formulae that will permit you to manipulate the Sidereal Rays for your own ends and in order to help others.

Two columns exist at the porch of every Sidereal Temple: one White and the other Black. The column at the right is called “Jachin” and the column at the left is called “Boaz”. You should also know, good disciple, that there is a Guardian at each column. The Guardian at the right column holds the Staff of Justice in his hands, and the one at the left holds a Book in his hands. 'Jachin' and 'Boaz' are the two “passwords” that will permit you to enter the Heart Temple of each Star to manipulate their Rays and to provoke events in the Physical World.

Samael Aun Weor’s Explanation of Aries

The Constellation of Aries governs the head, it is the house of the Warrior Mars, Iron is its metal, its stone is the Ruby and its nature is Fire. The natives of Aries are of war-like nature, become strongly angered and since, they possess a great martian energy, they feel capable of embarking on great undertakings and they take them to a good end. In general, they are not happy in love, since the easy instability they possess leads them into displeasures and marital separations.

During this sign, the disciple will have to charge his head with Light to awaken his Pituitary and Pineal Glands. The power of Clairvoyance resides in these two small glands. Both glands are joined by an extremely fine duct, which has already disappeared in corpses. When both glands intermingle their luminous auras, the human being becomes clairvoyant and then perceives all the marvels of the subtle world. An Illuminated Clairvoyant is full of Light and Fire.

Samael Aun Weor's Practices to Gather the Energy of Aries

The exercises of this sign are the following:

1st Exercise

1. Sit comfortably and remain thoughtless for five minutes
2. Then pray to the Intimus or Inner Being:
"My Father, you who are me myself, you who are my true Being, I beg you to transport yourself to the Principal Star of the Constellation of Aries, in order to bring the Principal Genie of that Constellation to this humble home, so that he may heal my brain and awaken all the Occult Powers of my head".
3. Cross the hands over the heart and Salute the Guardians of the Heart Temple
 - a. Bow to the right, inhale and then say 'Jakim'
 - b. Bow to the left, inhale and then say 'Boaz'
4. Again pray to the Intimus or Inner Being:
"My Father, take the 7 sacred steps within, towards the interior of the temple, and kneel down or prostrate yourself at the feet of the Principal Genie of Aries, begging him to come and awaken the powers of my brain and to inundate my head with Light".
5. Then the disciple pronounces the mantram: **AOM** (4 times).
6. Next, the disciple will stand up; extend his right hand forward and move his head:
 - a. forward 7 times,
 - b. and then backwards 7 times,
 - c. 7 rotations to the right
 - d. and then 7 rotations to the leftwith the intention that the Light inundates and activates within all the glands of the brain.

2nd Exercise

7. During this sign, the disciple should vocalize the vowel **I** for one hour daily. This vowel will cause your pineal gland to vibrate and finally you will become clairvoyant. Developed, the pineal gland converts us into super-men and super-women, and atrophied, it converts us into idiots. It is found developed in the chaste and atrophied in fornicators.

3rd Exercise

8. The Pineal Gland is the Window of Brahma: a fountain of accumulation for the Magician and the disciple should practice before going to bed nightly, this other exercise:
 - a. Sit on a comfortable chair, for half an hour.
 - b. Close your eyes.
 - c. Remove all thought from your mind.
 - d. Then, imagine that the Fire from the Constellation of Aries descending from heaven and penetrating in Igneous Columns through your Pineal Gland. This gland is situated in the superior portion of the brain and the power to see the Ultra of all things resides in it.

If the disciple carries out the exercises of Aries with tenacity and constancy, they will become an enlightened clairvoyant. During these exercises, the disciple will be assisted by the hierarchies of Aries and they will awaken their powers and heal their brain with special treatments. The disciple will also be able to use the power of those hierarchies in order to heal others.

Aries is the house of Mars and Mars is the planet of war. The red hierarchies of Mars, gave the human being the astral body; Samael is the supreme chief of the Astral Plane (he and his warriors). Meditating daily on the Tattwa Tejas, we activate the Powers of the Astral Body. The Tattwa Tejas or Igneous Ether is the causa causorum of all flames. The Astral Plane is the Ardent World.
