### **Pisces, Nirvana and our Father Luminary**

Today we have arrived at Pisces, the last sign of the Zodiac, governed by Neptune and Jupiter. Samael Aun Weor has prepared this course with a single objective: so that we may win the limitless bliss of Nirvana. Nirvana is the valley of profound silence and of “non-being”, but, in reality, our “true Being” is there. There we live in a form so different from our actual state of comprehension that it transcends our ordinary senses, and that is why we call it “non-being”, but, as we have said, our “true Being” is there. Nirvana is beyond Love, and what is far beyond Love is “absolute happiness”.

Nirvana lies far beyond Desire, far beyond the Mind, far beyond the Will, far beyond Intelligent Understanding and very far beyond Consciousness. Nirvana is “the Homeland of the Being”. How can we define it? There the Soul is totally fused with the Intimus, it feels Omnipotent and Powerful within a Happiness that knows no limits. There, the drop has united within the ocean, and the ocean within the drop. There, the most ineffable melodies entrance us in a state of beatitude which transcends all comprehension.

The Great Rhythms of Fire invade the ineffable precincts of Nirvana, and the Souls of majestic countenance, with their tunics of Dharmasayas and their mantles of distinction, accompany with their singing, the delicious melodies of the “Mahavan” and the “Chotaban”, which sustain the cosmos during the Manhanvantara,

The Initiator has to communicate the Final Truth to the disciple, before entering Nirvana. The Initiator has to teach the disciple the Great Mystery of Nirvana, before the disciple enters into Nirvana itself. Nirvana is the forgetting of the world and of man forever. The Gods and other “Mahamvantaras” live there, in an undescribable state of Happiness. There, every tear has disappeared, and only the Happiness of the “Being” reigns.

The Nirvanis do not possess any of the Four Bodies Of Sin, called: Physical, Etheric, Astral and Mental. The Master only takes the Psychic Extracts from those vehicles, which are absorbed and assimilated, before entering Nirvana. The Nirvanis work under the direction of their Stellar Fathers: The Intimus of all men is the son of Sidereal Genie, and there are as many fathers in Heaven as there are men on Earth.

Every human being, in each human reincarnation, is born under a different star so that the ego is “rounded off”, little by little, but there is a Luminary that rules our interior and that Luminary never changes, that is, our Father Luminary: our Father Star. He is our Father who is in the Heavens. Isbener Aldane says: “I raise my eyes towards the stars, from which help will come to me, but I always follow the star which guides my interior.”

When, after the Profound Night of the “Pralaya”, the heart of the Solar System, begins to throb, at the beginning of the Dawn of the Manhanvantara, the Unmanifested First Logos of the Great Breath fecundated the Akash, and our Seven Planetary Logoi surged forth, shaping the Akash or Primordial Matter with the Fire of Life, in order to construct this Solar System that we are evolving in. These sublime Architects of Life saw that we were merely Unconscious “Rays” of the Supreme Parabrahmatman, the Eternal Father who is always obscure, whom we call “The Absolute”, and those exalted Prajapatis or Divine Angels were the ones who endowed those Unconscious Rays of the Absolute, with that which today we call “Monad” or better yet, “Intimus”.

Every man has their “Intimus”, and every “Intimus” has its Father who engendered it; that is, our Father who is in the Heavens. **Aun mani padme jum**: this mantram is esoterically pronounced like this: “**om masi padme yom**”, (prolonging the sound of each letter, and syllabifying them). The meaning of this mantram is: “Oh my God in me!”

This mantram should be vocalized with the Heart in Profound Meditation, adoring the “Intimus”, rendering cult to the “Intimus”, because the Intimus is essentially the Soul of our Father incarnated in us, our Divine Individuality in which we need to absorb ourselves in order to enter that infinite and indescribable bliss of Nirvana, where neither suffering, tears, nor pain exist.

Our Lord, the Christ, taught us to pray like this:

- |   |   |
|---|---|
| (1) <i>Our Father, who is in heaven,</i>  | (5) <i>Give us this day our daily bread.</i>              |
| (2) <i>may your name be Sanctified,</i>   | (6) <i>Forgive us our debts,</i>                          |
| (3) <i>[may] your kingdom come to us,</i> | <i>as we forgive our debtors,</i>                         |
| (4) <i>[may] your Will be done,</i>       | (7) <i>and do not allow us to be led into temptation,</i> |
| <i>on Earth</i>                           | <i>but liberate us, Lord, from all evil.</i>              |
| <i>as it is in Heaven.</i>                | <i>AMEN.</i>  |

This prayer is done in profound meditation, adoring that Ineffable Star from which our “Intimus” came and in this manner, we will learn how to talk with our Father who is in secret. The key to entering Nirvana resides in Absolute Sanctity and in Absolute Chastity.

It is necessary for the student to learn the Signs of the Heavens. The Ancient Priests taught their disciples how to interpret the firmament; those signs are interpreted basing oneself on the Law of Philosophical Analogies. Through your esoteric studies you will remain under the direction of some Planetary Genii, and they shall call you by means of luminous signs that you should learn to recognize. You should also comprehend the sparkle of your Celestial Father's Star when he calls thee to instruct thee in the Mysteries of the Light.

## Samael Aun Weor's Practices to Gather the Energy of Pisces

We should make our Zodiac sparkle through these exercises, in order to become Ineffable Gods. Our body is entirely a musical harp where the Seven Vowels of Nature should resound incessantly. Therefore, during Pisces it is necessary to vocalize the seven vowels as follows:

I: iiiiiiiiiiii  
E: eeeeeeeeeeeeee  
O: ooooooooooooooo  
U: uuuuuuuuuuuuuuuuuuuuuuuuuuuuuuuuu  
A: aaaaaaaaaaaaaaaaaaaaaaa  
M: mmmmmmmmmmmmmmmmmmmmmmmmmmmmmmm  
S: ssssssssssssssssssssss

The sound of each of these Seven Vowels should be taken from our head to our feet. Pisces influences the feet, which are the sieves through which the Forces that rise from the Genie of the Earth, enter. Our past lives are written in the lines of our feet, and the ceremony of washing the feet, performed by the Divine Redeemer of the world, means that the “Divine Lamb” has come to wash away our past faults with his blood. Christ is the Lamb of God who washes away the sins of the world. This Earth, so dense, that we inhabit today, will in a remote day be etheric and we will then have the Celestial Jerusalem where neither tears nor pain exist. May the most profound peace reign in thy hearts!
