The Kabalistic Creation of the Universe

According to the Book of Genesis (the 1st book of the Bible), creation was accomplished by the Ruach Elohim [רוח אלהים]:

- 1:1 In the beginning God (Elohim) created the heaven and the earth.
- 1:2 And the earth was without form (Chaos), and void (Desolation); and darkness was upon the face of the deep (the abyss). And the Spirit of God (Ruach Elohim) moved upon the face of the waters.
- 1:3 And God (Elohim) said, Let there be light: and there was light.

These two words, Ruach Elohim, are important for us to understand in order to really make sense of the esoteric meaning of these Verses describing creation.

The word **Ruach** has many meanings, including air, breath, spirit, wind.

In the word **Elohim** we find the true key. Elohim is translated "God" in many versions of the Holy Scriptures. It really ought to be translated "God and Goddess", since it is a feminine noun with a masculine plural termination affixed. This is an incontrovertible fact, in its linguistic aspect at any rate, and it is to be presumed that the various authors of the books of the Bible knew what they meant, and did not use this peculiar and unique form without good reason...

Thus, according to the Hebrew language, the Elohim are 'Male and Female' Divinities, that is: Male and Female united as one Divine Being. Now, if we understand that Ruach could be 'Spirit' as well as 'breath', then we can also understand that it is through our breath that we can speak. So Ruach Elohim could also be the 'Speech of the Male and Female Divinities'. Which is how the Elohim create using the Divine Word or Verb.

Creation, the Law of 3 and Daath (the Hidden Sephiroth)

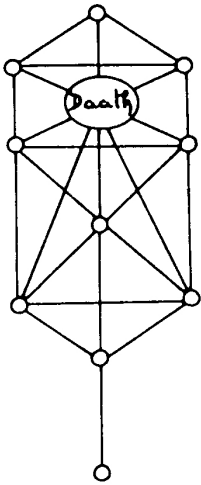

In accordance with the Sacred Law of Heptaparaparshinokh (the Law of 7), seven temples were established in the Chaos for the construction of this solar system. In accordance with the Sacred Law of Triamazikamno (the Law of 3), the Elohim divided into 3 groups within every temple to sing in accordance with the Liturgy of Fire. The 3 groups organized themselves within each temple in the following manner:

1. First, a PRIEST.
2. Second, a PRIESTESS.
3. Third, a neutral group of ELOHIM.

If we take into consideration that the Elohim are androgyny, then it is clear that they had to polarize themselves (at will) into a Masculine, Feminine and Neutral form, in accordance with the Sacred Cosmic Common TRIAMAZIKAMNO (the Law of 3). The work of fecundating or impregnating the PRAKRITI (the CHAOS) the Cosmic Mother, the GREAT WOMB, is always the labor of the very sacred THIRD FORCE (the Holy Spirit of Christianity). Thus, the PRIEST and the PRIESTESS were before the altar and the Androgynous Choir of the ELOHIM were on the ground floor of the temple. The Rituals of Fire were SUNG and the sexual marriage of the word fecundated the GREAT WOMB of the CHAOS and the Universe was born!

It is necessary for all of us, to profoundly reflect on this, so that we can comprehend it in-depth...

The Logos (Greek meaning 'Word') is the Unity of the 3 Primary Forces: Kether-Chokmah-Binah or Father-Son-Holy Spirit or Brahma-Vishnu-Shiva. It is the Law of 3 Creating, the 'Verb' or active word. As we mentioned, the work of fertilizing the Chaos (the Great Womb of the 'Cosmic Mother') is the labor of the 3rd Force, the Holy Spirit.

Science is the first of all the gifts of the Holy-Spirit. Science is not one of the 10 Sephiroth, but it is the mirror where the rays of everything concentrate: it is named "Daath". DAATH, in the Gnostic Tradition, is also called 'Perfect Tantric Knowledge', and comes about from the union of Him and Her (Male and Female), through which we can integrally Self-Realize Ourselves in all the Levels of Being.

The Holy Spirit, Shiva, **the Third Logos, Binah, unfolds himself in his turn into his Wife**, into the SHAKTI of the Hindus.

The Holy Spirit is male, but HE unfolds into HER forming the first DIVINE COUPLE, the ineffable RUACH-ELOHIM that according to Moses "fashioned the waters at the beginning of the world..." The Holy Spirit is the husband of the Divine Mother. He and She are united in the Cubic Stone of Yesod (that Stone is Sex).

By understanding the esoteric-alechemical language of the ancient scriptures, we can learn how to create in the same way. God made the human being "in his own image and likeness" (see Genesis 1:26) and through this 'likeness' we are also able to create. But we must learn to create properly so that we do not make a mistake and open "pandora's box".

In our present state, we are full of Egoism & Desires. Creating with these principles will cause more pain & suffering to enter into the universe and we will be the originators of this...

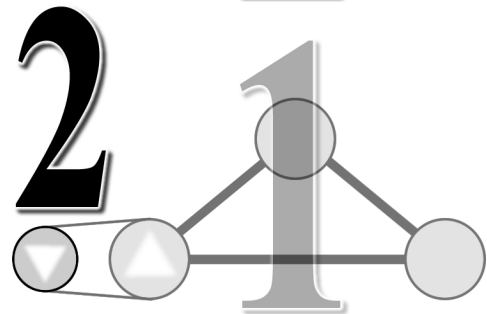

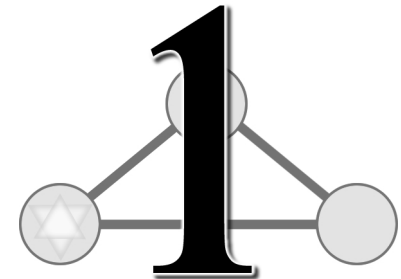

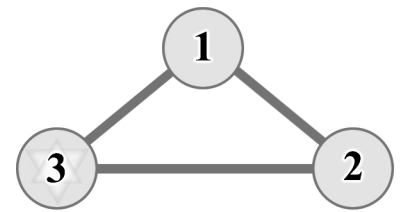

Therefore we must learn how to work with the Cubic Stone of Yesod, Sex, so that we can use this wonderful tool to better ourselves and the world around us.

Through White Tantra, through restraining the sexual impulse during the sexual act, we can "steal the fire from the devil" or extract the energy which would normally be lost during orgasm.

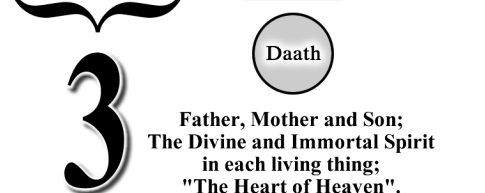

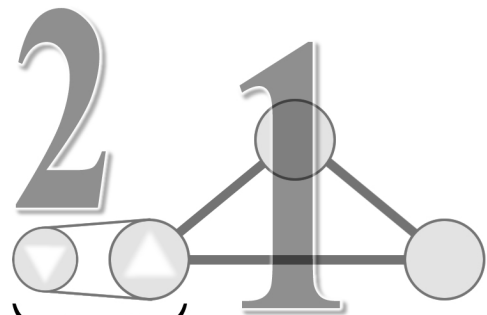

This is the Key of Sexual Magic.

Understand that when Man and Woman unite sexually, they are a terribly divine Elohim! But when we give into desire, when we allow the sexual impulse to take over our minds, then we lose this terribly divine power, this opportunity to manifest the creative power of the Divinity in us. When we do this, we open the doors to the Abyss (the Inferior Worlds) and slowly lose the faculties & powers which allow us to connect with our inner Divinity...

The Primordial Elohim knew the Science of Tantric Knowledge (Daath), they harnessed the sexual impulse and created with the Verb! The Redeemer of Humanity is the Verb made Flesh!

the DIVINE MOTHER, the Father which divides,
the Feminine Aspect of the Father

Father, Mother and Son;
The Divine and Immortal Spirit
in each living thing;
"The Heart of Heaven".
