PROLOGUE

This book about the BUDDHIST ANNIHILATION CONTAINS the PUREST Didactics and Gnostic practices of THE DOCTRINE OF THE CHRIST SAMAEL.

We encourage all the Gnostic Siblings in the world to study, reflect his Christic content.

In order to then put it into practice to live it. but If we don't practice the meditation for the annihilation of the I, we will never recover OUR PISTIS SOPHIA.

We must annihilate the seven deadly sins from the interior of each of the five centers and his swarms of demons that personify them.

The Doctrine of the Death in march based on the steps of meditation for Annihilation of the I; it is essential to emancipate our essence.

The five inferior centers, are the Atomic Infernos, inhabited by swarms of demons, we all carry inside.

All the Gnostic Siblings of the World must to understand that the Christ Samael taught this Technique of the Meditation for Annihilation of the Ego, in ascendant way, in different octaves.

That is why In the Gnostic Bible "Pistis Sophia" the Logos Samael finished of giving us, with great wisdom the Secret key for the Annihilation of the pluralized Ego.

That is why since my fraction of Human Soul, was instructed by the fruitful verb of the Light of the Christ Samael.

For teaching his Divine Gnosis par excellence, we have always done in a impersonal way and non-profit.

In no way we pretend in this message contained in this "Gold Book" "manipulate or leading no souls", we only deliver the accurate and correct didactic for the Annihilation of the evil spirit pluralized like the blessed Samael taught to me and wrote in their books in an ascending order from octave to octave.

The Buddha Samael finishing to explain the exact teaching for the Annihilation of the Animal Ego at its Magistral and last book entitled "Bible Gnostic Pistis Sophia."

In which it stressed the need to accelerate of Annihilating the triple power of each Animal Ego: That is to say (mind, desire and sex), of each "I" previously understood and the triple power, (sex, desire and mind) of the "I" the cause and also the triple power of the evil germ that gave life to those previous "I's".

Furthermore our Savior the Christ Samael, emphasizes the annihilation of teleoginoras tapes, because they can be used by any other "I" demon to resurrect other "I's".

For example: if we Annihilate a certain I of lust, their cause and their germ, another "I" of Lust, adultery, etc.. They could use those images to become aroused, strengthened and make reborn from its ashes the psychic aggregate and at the same time strengthened himself.

In the same way the Patriarch Samael explained in "Pistis Sophia" the urgent need to Annihilate the personality of each "I", all this process of Annihilation obviously must occur in the Saha Maituna or in their prayers in the unmarried.

It is better to die here and now voluntarily, rather than enter in the Infernal Worlds.

CHAPTER 1

THE DEATH OF THE "I"

Meditation for the annihilation of the "I", is practiced within the Gnostics Sanctuaries of the Gnostic Church, in second camera:

a) And before each meeting in first chamber

b) Before each meeting of second chamber

c) All October 27 we also do the meditation of the death of the "I".

This teaching is an obligation of conscience of all Gnostic missionaries of the world to carry it out, for the good itself of all Gnostic brethren. All the brethren of the UNIVERSAL CHRISTIAN Gnostic Church and have the obligation to practice:

ONGOING DEATH

Ongoing Death, is only possible if we apply consciously: the entire meditation of the annihilation of the "I" for each defect Auto Discovered in action, in the gym of everyday.

If during the day, we managed to capture 5 to 10 defects, it is necessary of brave warriors without any kind of laziness, immediately after discovered in action the aggregate in question, we have to apply the steps of meditation death of the "I".

This ongoing meditation for the annihilation of the ego, to perform individually, we would say in a passive way, because we are not appealing directly the annihilation of the ego in the sexual magic, but it remains active because in that we appeal to Christ and our mother EROS to annihilate the defects previously comprehended.

Gnostic Brethren singles, couples, everyone should practice this technique daily and our duty if we really want to release our PISTIS SOPHIA (soul) into the mixture of the unclean spirit.

This meditation of death of the "I", was taught by the Patriarch Samael whom writes, and we have applied for whole years of our existence with wonderful results; the same we have taught by different media to different peoples Gnostics, and today we invite you to heart to practice it at home and Gnostic Sanctuaries.

Gnostic Bible PISTIS SOPHIA (Chapter 43)

The man, in the chemical coitus, should help his wife, taking the psychic aggregates as if they were his own.

Thus, the positive, negative and neutral forces will be directed against any added together properly.

THAT IS THE KEY FOR DISINTEGRATE THE PSYCHIC AGGREGATES .

With this mantra should be used a great imagination, which works directly on Eros, acting this on imagination, insufflating the energy and transforming it into magical force.

To contact the universal mobile power, the practitioner sees different images, but above all, his divine adorable mother is revealed to him with holy spear in his right hand, fighting furiously against the "devil" who personifies this or that psychological error that we yearn for destroy.

The practitioner singing the mantra "Krim", then fixes its imagination, its translucent, on the fire element, so that he sits as burning flame, as the sole flame, how dreadful fire that incinerated the "devil" that characterizes the psychological defect that we want to annihilate.

b) ANNIHILATION OF TELEOGHINOORAS TAPES

Then we pray again:

Devi Kundalini Eros, Intimate Christ, annihilate:

On the threshold of the temple, the Masters present a book to the devotee in which are written all the laws of the Divine Mother. In the face of this book, many go back, full of terror, when they KNOW THAT MUST DESTROY THEIR PERSONALITY.

BOOK: MAJOR MYSTERIES, (Chapters 12 and 14)

The "I" of many masters no longer want political positions but want spiritual positions, enjoys as a leader and fight by high hierarchical positions within schools, lodges and spiritual movements.

We have to end the process of the "I" AND THE PERSONALITY TO BE ELIGIBLE TO BE, we have to eliminate the individuality to be eligible to receive the justice crown.

The essence fraction released during Buddhist Annihilation, by Law of Divine magnetization, through the great Reconciling, the Holy Spirit and the great integral, the Intimate Christ returns to Integrate with the percentage of non conditioned soul and so with patience we will achieve, recover our soul.

And have a powerful permanent consciousness Christic center.

In This way gradually, with the death of "I", we will go retrieving our consciousness within the bowels of the Abyss of demons "selves" we carry inside.

This technique should be, memorize and apply daily for the Rest of Your Existence.

Thus the Missionaries, may teach Gnostic psychology, with informed Cause.

Missionaries may direct, Meditation Death of the "I", in their sanctuaries.

CHAPTER 4

THE PSYCHOLOGICAL DEFECT IS THE PERVERSE PLURALIZED MARA

The psychological defect, we would say the Goliath of the Jewish Cabal, with its millions of Philistines: quarrelsome, murderers, drunks, lustful, shouters, screamers egos, etc. they dispute a terrible battle within us, against the Being

The psychological defect is the secret enemy that everybody has within, and has its demonic center of gravity, in the anatomy hidden of the coccygeal bone. Samael Aun Weor tells us that in the coccyx we have an atom super malignant that directed all the activities of the interior Satan. The atom malignant is too, the infernal medusa, with all her psychological snakes, that as sinister hairs are part of her horrible head. Obviously the Medusa is the personification our psychological egos and all our egos.

The legion head, unquestionably, is one, Mara, is three, is seven and is a lot, that's mean, the pluralized Ego.

The psychological self as cause, is processed, exist, agitate and feeds every one of the 49 levels of the mind.

The light and darkness inside, dispute for power in the spermatic igneous chaos of existence, in the sex the battle is done between angels and devils.

Fortunately, Gnostic Brethren, thanks to the cosmic law, thanks to the brethren of the conscious circle of humanity solar, we have the warrior of the gods, with us the Venerable Master Samael Aun Weor, teaching us the Gnostic doctrine, among of his wisdom works where he give us the sacred key of all empires.

Suggestions:

a) We continues, climb, upload among the created imagination and the conscious will of our being, step by step in the meditation's ladder.

b) We suggest, don't try to pass among the next step, but until you have mastered the previous one.

c) We suggest before start the practice; take the pure conscious, integrally of the next psychological mechanism.

- Self observation (Revolutionary Psychology)
- Self analysis (Revolution of the Dialectic)
- Self exploration (Revolutionary Psychology and The Great Rebellion)
- Self reflexion (Revolutionary Psychology and The Great Rebellion)
- Self discover (Revolutionary Psychology and The Great Rebellion)
- Self comprehension (The Great Rebellion and Pistis Sophia chapter 46)

•Self annihilation (Revolutionary Psychology and The Great Rebellion)

Study reflexively through meditation, the chapters of the work of our Venerable Master Samael Aun Weor cited at the end of this work.

d) We recommended our Gnostics Priests that promote the daily meditation between groups that direct, and that this, are to drink the wine of light the perfect cup of concentration

e) The National Triumvirates must disclose this psychological work plan in all Lumisials your country.

Self Discover

The Venerable Master Samael Aun Weor tells us that would be inconceivable the elimination of the various human elements that are in our interior, the intrinsic causes of our psychological defects. Those intrinsic causes, personify the psychological defects.

Gnostic Brethren, is not enough, not sufficient, capture a defined defect, discern about it, observe them in their different manifestations and then order the death to the divine Mother, IF WE HAVE NOT UNDERSTOOD THE "I CAUSE" and its intrinsic cause of its complex manifestation

Know a human robot fully its not enough, its necessary know and understand the intelligent that created it.

The Venerable Master Samael Aun Weor says “only through the two defined aspects that we will cite, we can give us the bliss to achieve the disintegration of all these causal elements, that of one or other way can lead us to the final elimination of the undesirable elements and the cause that personify that errors.

The two aspects are:

- **The deepest regret**
- **The respective business with the lords of law through the Christ and Devi Kundalini**

The “I”S usually has frightfully difficult complexities, and only the Intimate Christ based on aware works and voluntary sufferings can eliminate the causes of all our errors.

The solar consciousness integrated with the Christ, absolute understanding, sincere repentance and serious negotiations with the Law Lords, are the final step to then ask for the elimination of causal selves. In the causal world the intimate Christ goes through all the torture and bitterness of his Way of the Cross.

Considering this work of intimate Christ, and considering that our psychological ego has been created with sexual energy misused. Only consciously appealing to Christ and our heavenly Mother, asking them to brandish the spear of Eros we can die from moment to moment.

The whole of psychic aggregates that form the ego, have causal roots, and this has its origin in the psychological trait.

Each psychological facet, each ego, each element subhuman with conditional essence have their own origin - root cause, emanated of the trait.

The Venerable Master Samael explains us that the CAUSES EGOS are linked to the laws of cause and effect. There can be no cause without effect, no effect without a cause, this is irrefutable. The only source of cause and effect is found in the psychological self.

Obviously the causes egos, have been closely associated with particular karmic debt.

Each defined manifestation of the ego, through any of the five cylinders of the human machine, has its cause of causes in the psychological ego.

Each nefarious performance of one of many subhuman elements that we carry within will create new negative defects, and these in turn, other causes that will bring new effects and so on, linking them to the law of fate, karma; making us the tragic and painful life in a hundred percent.

Given that there are thousands of psychic aggregates, it is logical, which are thousands of causes that stimulate them to manifest, What will be the cause?, What will be the malignant intelligence that moves them to exist? And what will be the tenebrous center of gravity of this causal

elements? Undoubtedly the psychological ego. The most critical issue is that each of us, within us, carry us the psychological ego.

PROSECUTION FOR THE UNDERSTANDING

Without understanding there can be removal. To understand is necessary to submit the psychological ego to THE MEDITATION OF THE DEATH OF THE EGO, capture the intimate sense of its manifestation, repent, stand trial and finally ask for disposal.

Sit it on the dock, and through the law of opposites, of the ends, reflecting deeply on the ego, make him see himself all his errors, suffering, bitterness, problems, etc. we have made because of him throughout our existence.

To integrally know the ego and reflect on its opposite too, what would be our lives if this defect had been eliminated, if wouldn't exist? What virtues, what parts of being would manifest? And so with the evident reflection of Being in this trial, analyzing both ends we reach the center, the TAO, understanding.

CHAPTER 5

THE RIGHT WORK FOR UNDERSTANDING AND GRASP THE DEEP MEANING THE ANIMAL SELF

REPENTANCE, JUDGMENT, NEGOTIATION WITH THE LAW AND ANNIHILATION

To grasp the deep meaning repentance and annihilation of self, comprehension is not all, we need urgently, capture the deep meaning of those who we have understood.

Any devotee of the real road, may have had the luxury of knowing psychological defect in all territories of the mind, without thereby finds achieved: the "apprehension of its deep meaning."

It becoming enemies of themselves, trying to understand our shortcomings, in every corner of the mind, is undeferrable.

Each defect should be studied separately and in a very orderly manner.

We must never make the mistake of wanting to catch ten hares at the same time, obviously we are exposed to failure.

Meditation on the death of "I" should be deep, when done accurately, when we are about to falter, we must leave the mind blank, still, silent, awaiting a revelation: this form is the truth and we can capture that which is not of time "the deep significance of the defect, understood in their entirety."

Then we pray vehemently to our divine mother kundalini, remove our mind, the psychic aggregate, psychological defect we are analyzing.

With this teaching, this "modus operandi", we can and should eliminate such subjective "subhuman" elements within us and constitute the ego, the self.

It is incongruous to appeal to devikundalini, to annihilate a "I", when this is not really understood.

It is urgent appeal to the precious virtue of "creative understanding of being," the third logos, the force of eros and creator energy and if we really want to understand each one by separate our defects.

The gemstone of creator understanding, encapsulated, eclipsed, pluralized, within the psychological clothes of a varied and multifaceted set of selves, quarrelsome and noisy. It is necessary to rescue the abyss that is, radical and to work seriously on the selves we carry inside so you can understand them.

That three percent of creative understanding, should and can appeal with humility and devotion to creative understanding of devikundalini, of the third logos of Christ, in order to begin the process of understanding of "selves", which are subjected to the technique of meditation on the death of "I".

The three crystals, three magnifiers or three gemstones: imagination, inspiration and intuition, three percent of our essence conciled, amalgamated, integrated whole "being" is the vehicle, immediate system, convenient to reach an understanding of our defects.

As we are dying ourselves, as we achieve a continuous and progressive emancipation of consciousness, the understanding process will become more lucid, deeper, more perfect.

This understanding will come obviously from the meditation death work of self and not otherwise.

Just meditation death of the "I", will come, the capture the deep meaning of "I" that we have understood.

Will come to our conditioned essence "the sublime repentance, deep grief, anguish of having sinned, transgressed the law, for betraying our being, have hurt our body, etc.

With the background repentance, we are in the correct posture we invoke our lord intimate Christ as our divine mother "Tonantzin", so that through them, our father "JEU" is invoked, to send his angels and invoke the police karma, to capture the "I".

And extract it from the center to which it belongs and to submit to "Anubis and the 42 judges of the law" to Give you the corresponding trial.

We recognize before Anubis and to the 42 judges, before the father, son and holy spirit inside, before all parts of our being, that we have sinned grievously, because of us, consciously or unconsciously.

We will recognize that we are the cause of such a creation, abominable and gloomy, we gave shape, form and strength to the "I" that conditions us, we are responsible for our own conditioning, but now repentant, revolutionized, we want the death of the "I".

Let us pray to our Lord the Christ and our mother "Kundalini", perform the respective negotiations with the law.

The judgment and negotiations with the divine law, only Christ and our mother "Kundalini" can do, spin the wheel of destiny, and the law lion wheel and place it in our favor, so the unclean spirit to stop sinning, through of esoteric negotiations, so our essence is emancipated, to be released from the "I", useless clothing that conditions it.

Buddhist Annihilation

The essence, the revolutionized consciousness fraction, inside the red demon, that enslaved it, as part of "Pistis Sophia", raise the eyes to the light and begs, be released from hell, from darkness where is set.

We appeal to Christ and the fire of the sword of our particular divine mother, so with the cosmic executioner to behead, annihilates the "I".

We implore in that horrible dark dungeon of the ego, with anxiety, awaited hope, longing and deeply sorry, to Christ and Devi Kundalini, release us from this psychological prison, useless attire of the "I" that conditions the soul; with imagination and the conscience we bring.

We show the "I" to the Christ and Devi Kundalini, conciled with them, merged, integrated, we beg his death and to be beheaded, we curtail it as

the "Coyolxauhqui" , burn it with fire sword, incinerate it thoroughly until it is in ashes and released: the precious child of essence, awareness.

Until we see that precious feather, this stone or gem that inner treasure and we label it with its name, by its virtue, seeing as it passes to merge and amalgamate with the portion of unconditioned consciousness and thus we are creating the seminal pearl.

The death of this aggregate must be radical, total, absolute, then we must appeal to the fire of live altar "on sexual magic" in full transmutation.

This "modus operandi" indicated Buddhist annihilation, explained by samaelchrist our lord, "and everlasting supreme patriarch of the Gnostic Church"

It is not right, is incongruous, absurd, to ask a death of the "I" that we have not understood.

It is absurd, to ask a annihilation of a psychic aggregate, we did not grasped its deeply meaning, it is wrong to ask for the death of the "I".

When we have never felt the sincere and spontaneous repentance.

It is therefore, incongruous to ask for the death of "I", that we have not indicted.

Request for the death of the "I", when we have never appealed to Christ and negotiation with the law.

Request for the death of the "I", when still we have not applied the meditation on death of the "I".

CHAPTER 6

DIDACTIC TO ANNIHILATE THE SEVEN DEADLY SINS

THE LUST

It is urgent to eliminate of us the unclean lust, to purify our semen and we be able to refine the commandment of love

“LUST”

Gnostic Brethren:

The time has come, in urgent manner, study, scrutinize, investigate and know deeply: the great inner Babylon "THE BIG"; that we carry within, the mother of all abominations.

Gnostic Brethren, faithful warriors of Samael Christ, the time has come in eminent manner, urgent, investigate, inquire, and reflect deeply: DITE the cursed city "that we carry within".

Gnostic Brethren, rebels eagles of aquarium: the time has come, in radical and severe form, to confront us to the "Sodom and Gomorrah" that beats within us.

Gnostic Brethren, for gratitude and love to our own soul, our being and our Lord The Christ Samael, the time has come in radical manner, deep, to immediately ponder on the inside Mixtlan, the Avitchi within us, the yellow hell where inhabits the unclean seven-headed dragon in the Dantesque circles of our lunar city, dark and gloomy inner.

Gnostic Brethren, the supreme moment has come of not postponing more the work that we must realize on the pluralized beast that it enslaves us to the suffering and to the pain.

Gnostic Brethren, in determinant manner is obviously that we must ponder to understand with the scalpel of the auto criticism, THE INNER BROTHEL; THE WHOREHOUSE THAT WE CARRY INSIDE of our inner lunar city, the time has come to understand and annihilate those lusty harlots, living in the 5 mansions in the dark city of the 5 centers.

Gnostic Brethren, by love, by law and truth, has come the radical hour of the great inner rebellion of each particle of light bottled up, crammed into each of the multiple egos lustful, immoral, lewd, lurid, infrasexuals and all other egos of lust that belong to the sphere of Lilith and Nahemah.

Gnostic Brethren, our Lord Samael Christ when he was asked about “lust” he said, is the great cardinal sin and we have to work on him every day. Venerable Master Samael tell us no woman that by cleaner that be, does not carry her “Salome interior” or male does not carry his “inner Herod” ... the Lust.

Unquestionably, each of the 5 centers is the house room a brothel or cabaret, associated with lust and all the left egos that personify.

We, the men are in the moral duty to understanding to annihilate with the fire of Eros, all these lustful “I’S” and all those lusty harlots or prostitutes that we carry in the house of the 5 centers of our human machine.

It is essential to improve and perfect the technique of Arcanum AZF, refine the commandment of Rome, to ride on the back of the tiger. With wisdom realize an exercise of hindsight detailed, bringing to our understanding, our consciousness the last time in this existence we fornicate and adulterate, extracting sperm from the sex glands, the last time you expel the semen by the phallus, enjoying the orgasm and spasm.

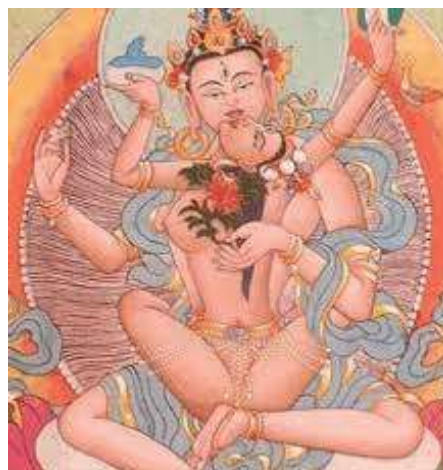

As a suggestion we must apply to this "murderer" tragicomedy the meditation of the death of the "I", that we indicated in this site and then remove the "I" of lust that personifies this act of adultery and fornication.

Obviously when our "I" of Lust crosses sexually with the lustful "I" Fornicator and adulterous of the woman we invite it with this act to live in someone of 5 centers of the brothel that we carry inside.

For this reason exposed we also must apply to this "I", the meditation of the death of the ego, with which our ego sexually crossed to commit fornication and adultery and who now lives as a tempting Devil within our psyche. Since such the "I", furthermore the sexual impression of the Lady in question, his figure, his image, his image, step to live as lustful tempting Devil within our own psyche, urging us to lust, fornication, adultery with the same lady, by law of lunar negative magnetization, or with other different ladies.

We should appeal to Christ, our Mother Kundalini, to performed, as indicated by our Samael Christ, the negotiation to law, to eliminate these "I" cause.

Then, practicing sexual magic in the oratorium of the third logos, request deletion of the "I" of the woman that passed to live within our brothel interior, to will be beheaded, that will be burn this "I" "harlot" of the woman with whom we cross etc. Etc. Remove the "I" of our lust, her image, her lurid and lewd depictions and also that our Lord the Christ and our Divine Mother burn any sexual bond with that lady, that crossed in past lives or present, thus two percentages of conscience will be free, two values, virtue and chastity that help us refine the commandment of Rome, and we become free of these fatal sexual connection for our soul.

THIS EXERCISE RETROSPECTION, UNDERSTANDING AND ELIMINATION DEDICATED EXCLUSIVELY TO LUST, FORNICATION, ADULTERY AND WE OWE MUST APPLY TO EACH "I".

FORNICATOR AND ADULTERY, THAT HAS BEEN SEXUAL CROSS WITH DIFFERENT WOMEN IN THIS EXISTENCE AND THE PAST EXISTENCE THAT WE REMEMBER, AS EVERY WOMAN WITH WHOM WE HAS BEEN SEXUAL CROSSED AND THEREFORE STEP TO LIVE AS TEMPTING DEVIL IN OUR PSYCHE.

Apply to each tragicomedy of these the meditation on the death of the "I" and submission to the ninth sphere to be decapitated and disintegrated immediately. It is necessary, urgent, if we really want chastity and purity: to transmute.

That means that: All the "I"s of the fornication and adultery that have manifested in this existence copulating, fornication, and adultery with other women must be understood and wiped out, and all these women vampires who went on to live as prostitutes in our psyche, engaging, bottling, determined percentage of consciousness.

Exactly must to do the same thing every Gnostic sister, clarifying with all respect, that if her virtue is that has been only with the man, that ever lived and never has been fornicated, God bless, Forward warrior aquarium, into the light of lights of the light treasure!

If sister fornicated before entering gnosis with her husband, then to understand and eliminate the lewd and immoral "I'S" that her husband went to transfer, and they pass to live in its 5 centers, stealing her certain percentages of conscience and her own. If the sister, with her lustful "I'S" before fornicated and adulterer, or matters of destiny crossed with other men, should essentially eliminate those adulterers and fornicators men living in their psyche and all images, representations, and lewd effigies and morbid, so that liberate her conscience and she can refine correctly the commandment of Rome.

If we work in Auto-gnosis, with discipline, perseverance in this technique reflective retrospect, to understand and annihilate the harlot interior, we give a big step in the control and management of the sexual center.

It will be able our being, irrefutably, achieve real the transmutation of the libido in the divine androgyny; we will be able to have complete control in the act of sexual magic. We will may, as in initiation ritual says, "to live among the flames without feeling its effects". We may descend to the double lake of fire and ascend victorious over the ninth sphere.

By achieving eliminate all of those egos, obviously, that still exist of the other existence and all related with the twelve labors of Hercules, with a disciplined work, want the divinity we all one day be full integration of our lord the Christ within.

Note.- this statement work, must be done it all time, the sooner we finish is better after finished, applying it to each of the other 6 deadly sins.

MAY THE CASTLE OF KLINGSOR THAT IS WITHIN US, BE DESTROYED.
MAY THE INSIDE
BABYLON, THE
MOTHER OF ALL
ABOMINATIONS BE
DESTROYED, MAY THE
GREAT HARLOT BE
ANNIHILATED.

MAY DITE, THE
CURSED CITY, BE
REDUCED TO ASHES,
MAY ALL BROTHELS,
NIGHTCLUBS,
CABARETS, BARS IN
THE ABYSS WE CARRY IN, BE DESTROYED ANNIHILATED, REDUCED TO ASHES,
COSMIC DUST.

THIS WORK OF RETROSPECTION MUST BE MADE IN DETAIL
THOROUGHLY "I" BEHIND "I", STARTING WITH THE LAST, AND SO WE
EMANCIPATE: THE CHASTITY AND PURITY THAT MAKES MUCH MISSING IN
US, TO PASS THE ULTIMATE TEST OF THE NINTH SPHERE.

BEING THE WOMAN THE PASSIVE ELEMENT - RECEPTIVO MAGNETIC,
WHO HAVE SEXUAL TRADE WITH HER, WILL BE LINKED TO THE EGOS OF LUST
OF HERSELF, AND ALL THE "I'S" WITH THAT THE WOMAN HAD HAD SEXUAL
TRADE, AS OUR LORD THE CHRIST SAMAEAL EXPLAINS TO US.

PS. The technique and practice previously mentioned "is a suggestion"
to your consciousness, you are free to apply it or reject it, all depends on that
you really want to practice auto-gnosis or continue vegetating, and thus die
asleep and end up in hells of Dante.

IF YOU PRACTICE, YOU WILL REALLY LEARN TO STEAL THE FIRE THE
DEVIL.

CHAPTER 7

TECHNIQUE TO PURSUE AND ANNIHILATE THE DRAGON OF DARKNESS

I consider urgent that the time has come to cooperated with the sun if we really want the Buddhist annihilation

I consider urgent, eminent, that we become pursuers of the black dragon multifaceted and not in persecuted.

I consider radically, for the good of the Gnostic brothers of the world, that the hour has come to cooperate hundred percent with the Christ, inner sun.

I Think in intelligent way, make intentionally, conscientiously, at will; with the desire to die here and now, every day, and all times systematically perform, with unwavering discipline the exercise of hindsight, applied to each of the 7 deadly sins, separately. "ACCORDING TO THE EGO THAT CHARACTERIZE US."

I Consider appropriate, as impersonal suggestion, start with the capital sin of lust , our lord Christ Samael affirm us: "You have to work it every day ."

Lust is unfolding as we all know, in the two areas, Lilith and Nahemah (as indicated on The Perfect Matrimony

I think that would be an outburst, not work seriously on the ego of lust, over their actions fornication with the spouse, adultery, lust, morbidity, etc. etc. etc. Practiced, performed in this life , in or out of the gnosis.

I consider it logical to apply the meditation on death of the "I" with the healthy purpose of:

Understand , capture, discover the deeper meaning of self in analysis of lust , repent prosecuting , doing negotiations with the law and annihilate with the obvious purpose to emancipate , liberate the sublime virtue of chastity , which both need to apply in the transmutation within the living altar of Love and Purity .

I consider absolutely necessary that we apply the psychological Solar hindsight to each ego that personifies the lust , physical or mental adultery, each ego of lust that personify the disgusting , filthy act of fornication .

The exercise of retrospection applied by the man to each woman and each woman to each man, with whom we have had sexual cross in this life, before entering gnosis, even within the same gnosis, where we fornicate and adulterate, it is essential to do so in order to understand, repent, to prosecute it and annihilate it, to release the Chastity and Purity that is conditioned in these egos.

Reconstructing the scene, comedy and tragicomedy represented by the ego of lust that we are applying the meditation on death of the ego, either male or female.

Apply meditation death to each lustful ego, one by one, systematically, starting with the last, to finish with the first ego of lust that took us to fornication in the past, and at the same adultery.

I consider that if we apply all our strength to the pursuit of truth and justice, unquestionably we must begin by the root of original sin, which is lust, personifying fornication and adultery.

I consider is appropriate to remember that is not enough, the work is not complete , we are doing only half , when we don't apply the meditation death to each ego of the lust, lewd, immoral adulterer and all those women which we had in the past , sex , sexual crossing, fornicating and committing adultery , because the egos of those women when we have contact sex with they immediately, automatically pass to live , to dwell in the various centers of our human machine, conditioning a percentage of our consciousness. "Meditate and reflect on this point Seven times seven.

These lusty ladies, the egos of them are irrefutably living, tempting us with explosions of lust and all kinds of sexual instincts until we understand and accept that are tempting demons dwelling within our own psyches , which again and again if we do not eliminate them , we will fail, either in the arcane , whether at home, either on the street, in the mind, the psyche , etc., etc., etc. Because they have conditioned a defined percentage of our consciousness in their inner.

I believe that in the above, it is appropriate, necessary, cardinal, remove the brothel of the Castle of Inside Klingsor, all those harlots that we carry within ourselves and all the egos of lust, personifying fornication and adultery.

Even you have to remove the egos of lust that personify fornication, unclean orgasm, abominable spasm , couples who fornicated with your spouse before entering Gnosis or within of the gnosis.

Thus Gnostic brethren, we invite you to do this technique described above, not only in the “I” of lust, if not to each of the seven deadly sins in respective manner and we ensured that we will succeed, we will eliminate 50 percent of the ego, to deserve participate the exodus looming, decline yourselves TO THESE TRUTHS, indicates, points out a deep sleep state of consciousness, a negative desire to continue the loose cathexis, continue vegetating at the expense of gnosis.

Confirming that we should start with the original sin caused by lust, fornication in its manifestation, orgasm, spasm, adultery and other sexual aberrations

GNOSTIC BRETHERN OF THE WORLD WITHOUT DISTINCTION OF INSTITUTIONAL ACRONYMS, PATTERNS AND CONDITIONINGS, ARE 10 THOUSAND DEMONS THAT WE MUST ELIMINATE.

ARE WE APPLYING CORRECTLY, THE WHOLE TECHNIQUE OF THE DEATH OF THE 'I', TO EACH ONE OF THEM?

HOW MANY "I'S" ARE WE ELIMINATING DAILY? FIVE OR TEN, WOULD BE THE MINIMUM THAT EVERY DAY WE SHOULD MEDITATE AND ANNIHILATE, THE REST WE WOULD BE LOSING MISERABLY TIME.

WE'LL BE ALL THE GNOSTICS MARRIAGES IN THE WORLD, AFFILIATED WITH DIFFERENT GNOSTIC INSTITUTIONS FULFILLING WITH OUR OATH? AND PRACTICING AT LEAST TWENTY TIMES PER MONTH THE SAHAJA MAITHUNA?

ARE ALL THE GNOSTIC BRETHREN OF EARTH, FULFILLING EXACTLY ALL OF THE THREE FACTORS OF THE REVOLUTION OF CONSCIOUSNESS?

LET'S TAKE AWARENESS BRETHREN, THAT ARE 10 THOUSAND BEASTS OF THE ABYSS THAT CONTROL US LIKE PUPPETS, WHICH WE MUST ELIMINATE.

LET'S BE AWARE, CONSCIOUS THAT WE MUST CREATE THE SOLAR BODIES, IN ORDER THAT OUR INTIMATE CHRIST BE EMBODIED.

CONTINUE THE MISSIONARY PRIESTS "LIKE A PASTORS OF CHURCH" LYING ON THE HOLY ALTAR, SAYING GIVING FAITH, THAT THEY DO NOT PRACTICE, WHILE THEIR WIVES IN THEIR INTIMACY USE CONTRACEPTION, AND FORNICATE WITH THEM.

LET US REMEMBER THE WORDS OF OUR LORD THE CHRIST "ABERAMENTHO". "TIME RUNS QUICKER THAN YOUR OWN DUST, DO NOT WASTE TIME ON LOOKING TO MAKE YOURSELVES PERFECT".

WE LEAVE THE DOGMAS TO BELIEVERS' CONSCIENCE.

BUT FOR THE Gnostics sincere brethren, that transcending, institutional dark veil and its own conditioning; then they pick up flight of their souls as celestial eagles and they are thrown with his claws of fire on the 10 thousand psychic aggregates that we carry inside.

CHAPTER 9

THE TRIPLE POWER OF ADAMAS

EACH DEMON HAS MIND, DESIRE AND SEX

THE TRIPLE POWER OF ADAMAS, THE STUBBORN pluralized EGO, has its root selfsame, in the seven deadly sins, more in lust and fear.

So THAT PISTIS SOPHIA forgets the mystery that she will must perform or consummate: "THE GREAT MYSTERY OF THE SELF INTIMATE REALIZATION".

FEAR IS THE WORST ENEMY OF PISTIS SOPHIA.
FOR FEAR men kill each other
FOR FEAR nations arm themselves and go to war.

FOR FEAR, is mistrust of the people, brothers, directives, similar, etc. etc., of all people and all the world.

FOR FEAR exists espionage and perversity.

FOR FEAR exist the fear of life, there are thieves and prostitutes.

FOR FEAR the Gnostics aspirants flee, and they depart from the royal path.

FOR FEAR, boundaries exist, papers and limitation of every kind, which disrupt the flow of people, this is due to fear.

FEAR is the cause of millions of conflicts, personal and collective.

We have broken the law through our defects, and we have to suffer the consequences

HAVE FAITH IN THE POWER OF YOUR SOUL, THE INTIMATE CHRIST will reveal GREAT MYSTERIES SO THAT YOU CAN GET TO THE AEON THIRTEEN.

THE TRIPLE POWER OF ADAMAS PLURALIZED, CAME BACK TO ME LIKE A DEMON, A PART, WHO LIVES IN THE MATERIAL WORLD AND LACKS OF LIGHT.

TRIPLE THE POWER OF ADAMAS, THE STUBBORN EGO CAME BACK TO ME LIKE A FALSE SPIRIT THAT IS IN A MATERIAL BODY AND LACKS OF POWER.

TRIPLE THE POWER OF ADAMAS, THE STUBBORN EGO, SEX, ANIMAL DESIRE AND ANIMAL MIND, UNQUESTIONABLY ARE THE CAUSE OF CAUSES, OUR INTERIOR nothingness.

Is necessary Gnostic Brethren, have conscious, that each one of the TEN THOUSAND DEMONS approximately, that we carry within "HAS A TRIPLE POWER"

Each "I" of loose cathexis, HAS SEX, ITS OWN DESIRE, AND PARTICULAR ANIMAL MIND with which the ill will, makes and breaks whatever it deems necessary to condition, cause suffering, enslave and keep in the dark at that fraction of PISTIS SOPHIA.

Therefore it is urgent, immediate to know the triple power, of each psychological aggregate, of the thousands that we carry within.

It is also necessary to realize that the triple power of each defect, Exist the causal "I" of THIS TRIPLE POWER, THAT IS BAD WILL THEREIN.

Knowing these three facets, the door is open to understanding and annihilation of each one of the egos that we carry inside.

It is necessary, urgent, apply the death meditation of "I", to each inhuman element having triple power and its cause ill will that is the root of its existence; and apply the death meditation of "I", with the definite purpose to understand, grasp or learning, the meaning and sex action, desire, mind and ill will of each aggregate in question; in order to achieve thoroughly annihilation of itself

The triple power of Adamas, THE STUBBORN EGO, widely explained by the Christ Samael IN PISTIS SOPHIA, allows us, to the practitioners of Gnosis, TO GENERATE ELECTRICITY SEXUAL TRANSCENDENT:

- A) ANNIHILATION OF "I" previously meditated.**
- B) ANNIHILATION, THE SEX CENTER OF THE SELF.**
- C) ANNIHILATION OF ITS ANIMAL DESIRE.**

D) ANNIHILATION OF ITS ANIMAL MIND.

E) ANNIHILATION OF CAUSAL "I", ILL WILL OF THE SELF.

With this transcendental teaching, obviously without a doubt, we can EMANCIPATING or LIBERATE to PISTIS SOPHIA gradually to be integrating: Seminal Pearl, the permanent center of consciousness.

Unquestionably, the Gnostics MARRIAGES, when we generate sexual electricity transcendental erotic, we use the triple power erotic divine, as we combine, we join the potential sexual force, active of EROS, with man and woman, and these three erotic forces, directed wisely and amalgamated, with the fire of the sword our CHRIST LORD AND OUR MOTHER KUNDALINI, can exactly and must reduce "THE TRIPLE POWER OF ADAMAS, THE STUBBORN EGO AND ITS CAUSAL "I", THE ILL WILL SELF SAME"

It is essential to be conscious AGAINST WHAT PISTIS SOPHIA FIGHTS.

PISTIS SOPHIA must face:

- a)** TO THE LION OF THE LAW OR POWER FACE OF LION OR KARMA POLICE.
- b)** TO THE DESTINATION, OPERATED BY aldermen OF THE DESTINATION
- c)** Adamas, THE STUBBORN EGO PLURALIZED AND ITS TRIPLE POWER.
- d)** AGAINST THE FORCES OF THE BLACK LODGE OUTSIDE OF US.
- e)** AGAINST THE MONSTER OF THE THOUSAND FACES "THE HUMANITY"
- f)** AGAINST THE MECHANICALNESS OF THE NATURE AND THE COSMOS. ETC. ETC. ETC.

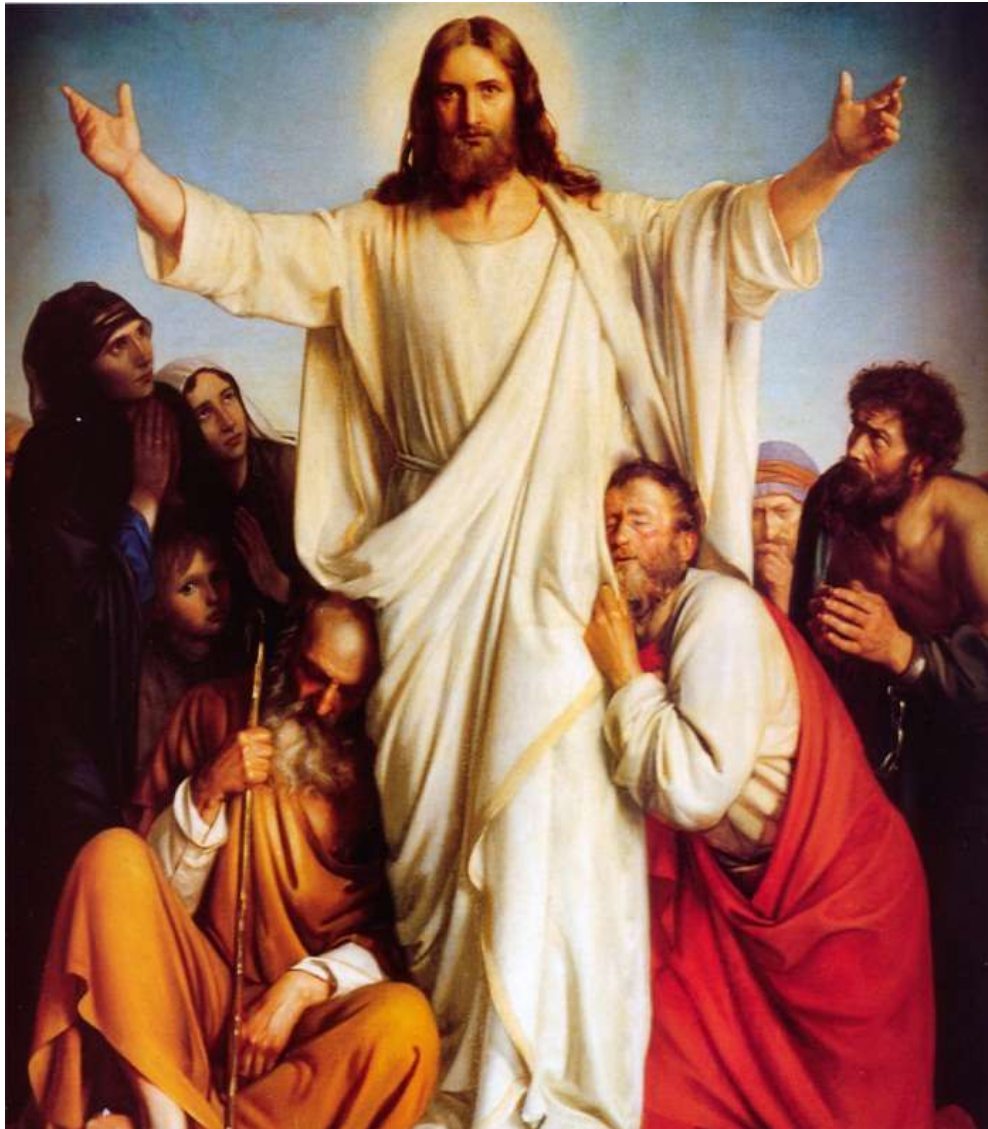

THE THIRD TRIPLE POWER, full of pride, he wants to rule over the thirteen Aeons.

When THE THIRD TRIPLE POWER emanates OF HIS POWER IN ITSELF "PISTIS SOPHIA TO ALL ITS MILLENARY PURIFICATIONS"; Everything becomes different.

For the THIRD TRIPLE POWER; SEX, MIND AND ASTRAL, may emanate ancient purifications are needed Buddhist annihilation

CHAPTER 10

PISTIS SOPHIA MUST FIGHT TO OVERCOME THE DESTINY AND THE LAW OF KARMA

Jesus Christ, in his capacity as great Gnostic priest said:

"I have not come to bring peace on Earth, I have come to divide the family, I have come to divide father and mother against his sons, and brothers against brothers, I have come to be divided two against three, the father and son (the father and soul against their brothers "I'S", three against two and two against three. "

The strength and soul (against two Law of Karma and the unclean spirit) the fate.

The fight is to the death two versus three and three against two.
The Law of Karma is medicine for the soul.
The Law of Karma is the lion faced power.

Pistis Sophia by means of the divine help, overcomes the lion faced power, and the Katancia Law; the great lord of the Law and his servers do not want the final liberation of Pistis Sophia, also his duty to receivables to Pistis Sophia old debts to achieve the final release, we must pay old debts to achieve final liberation.

There is ordinary karma; more there is the Katancia Law, the superior karma.

Before achieving final liberation, we must settle accounts with the sidereal justice.

In the courts I knew as the karmic debts are settled; the gods and the great initiates must be judged by the judges of the Katancia law.

The lawyers of the courts of justice celestial defend to the initiates in front of the cosmic judges.

There are also some cosmic executioners who also execute the terrible mandates of the light, everyone carries in itself the karma police that leads it to the courts of light.

Katancia law is not an exaggeration and the great initiates are taken to the superior courts.

The negotiations with Adamas are frightening, when you have cosmic capital, you pay and everything is solved.

Do good deeds in order that you to have cosmic capital, so you have enough to pay.

The large conjugated Law with the powers of the abyss will close the step over Pistis Sophia.

Moreover, the law never is bad and perverse, simply accomplish with the law, that's it.

The judges of the law are beyond good and evil.

DESTINY

The destiny pursues the man until the day of his death.

In a word, the destiny, is who impulses the death over man.

This is the work of destiny and has no other purpose than that of bringing the body to death.

To drive the evil spirits to sin, to enforces the law, to pay with pain and disease.

So that the Christ Samael through the mysteries of light teaches us to free ourselves from the destination, and the law and thus enter the kingdom of heaven.
